SDTT
GENERAL CONTRACTOR

Standards and certificates

The foundations of our work for public clients.

ISO 9001:2015 – Quality management

Documented processes from estimating to acceptance, regular internal audits, traceability of materials and inspections.

VOB/B · VOB/C · DIN

All works are carried out to VOB/B, VOB/C and the relevant DIN standards; transparent invoicing by measured quantities; formal acceptance under § 12 VOB/B.

GEG – Buildings Energy Act

Energy refurbishments and new buildings to the requirements of the GEG, with documented proof for the client.

DGUV Regel 100-001 – Occupational safety

Annual documented safety training for all employees and occupational safety on every site.

§ 634a BGB – Warranty

Five years' liability for defects in buildings, remedied by our own staff.

Proof

We provide certificates, test reports and proof of conformity to contracting authorities on request and per project.
