Warranty terms

Liability for defects under § 634a BGB.

Limitation period

For buildings, claims for defects become time-barred five years after acceptance (§ 634a BGB). For VOB/B contracts we also agree five years on request instead of the standard four years (§ 13(4) VOB/B).

Remedying defects

Defects are remedied by our own staff. Reported defects are documented and rectified within a period agreed with the client.

Acceptance

The warranty period starts with formal acceptance under § 12 VOB/B. As-built documents, material certificates and test reports are handed over at acceptance.

Security

On request we provide a warranty guarantee under § 17 VOB/B.
